Matheus de Oliveira Castro

Vila Nova de Gaia (Porto), Portugal
matoliveira.eu@gmail.com · matoliveira.com · LinkedIn

Moving into Product Management after 10+ years shipping mobile products as a Software Engineer, including travel and loyalty at Revolut.

Product work

More details on my website: **matoliveira.com**

Shipped

YSOS (dating) · eSapiens · 2018–2020
Covered the PM duties in a squad of five with no PM. R$35K MRR by the one-year mark, from zero, and ~200K sign-ups.

ICD Apps (medical) · indie dev · 2016–2018
40K+ downloads from a $200 launch campaign, top 3 in search, 4.6★ from 121 ratings.

Pitched

AI Voice Actions · Revolut · 2026
Shortens user flows and shows the company what users are looking for.

In progress

OrthoS (orthodontics) · co-founder (product, design, engineering)
MVP scoped to clinics after customer discovery. Beta test will check patient data entry friction.

LeRabbit (language learning) · founder
Changed the reading format after alpha testers struggled. Beta test will check difficulty curve.

Career history

Revolut · Android Software Engineer · Apr 2023 – Nov 2026
Built Travel products (Stays, Experiences, Air Miles, Flights) and the RevPoints loyalty programme (17M participants).

Aubay, placed at Sky · Android Software Engineer · Apr 2022 – Apr 2023
Architecture and performance for Peacock, Sky's streaming app.

Capgemini, placed at Next · Android Software Engineer · Aug 2021 – Apr 2022
Led a cross-team authentication change at a Brazilian fintech.

RoundPegs · Full-stack Engineer & No-code Content Strategist · Aug 2020 – Jul 2021
Helped define a no-code platform's target audience from user interviews and experiments.

Tecla Zero · Owner · Mar 2020 – Aug 2020
Own software education business.

eSapiens · Mobile Software Developer · Nov 2016 – Mar 2020
Built the YSOS dating app from MVP launch to ~200K sign-ups.

Zeon Solutions · Mobile Software Developer · Jun 2015 – Nov 2016
Designed and built multiple apps, and made some of the product decisions.
